Education

Henan University, China. (GPA:84.61/100) 2023.09-2027.06
B.A. in Early Childhood Education, Eurasian International School

Research Interests: Early childhood development; longitudinal and computational methods.

Research Experience

INDEPENDENT RESEARCH EXPERIENCE

Secondary Data Analysis of Large-Scale Public Datasets 2026.04-Present

Conducted secondary analyses using CFPS, UNICEF MICS6, OECD IELS, OECD PISA, and CHILDES, resulting in multiple journal manuscripts and conference papers.

Research Tool Development 2026.08-2026.09

Developed ***Paper Trail***, a local-first academic submission tracker for journal/conference management, JCR analytics, deadline monitoring, and research workflow organization***(GitHub)***.

SUPERVISOR RESEARCH EXPERIENCE

Child Development and Nature-Based Education Research Group 2024.12-Present
✧ ***Research Assistant,*** **Supervisors: Prof. Xiaomin Li & Prof. Beijia Tan, Henan University**

- Managed and harmonized four-wave longitudinal data from over 1,100 children and families.
- Independently conducted and evaluated 20+ structural equation models, including CLPM, RI-CLPM, LGCM, mediation, and moderation models.
- Contributed to the preparation and submission of 6 manuscripts arising from the project, including four as second author and two as third author.

Children's Cognitive Learning and Nature Education Laboratory 2026.01-2026.07
✧ ***Research Assistant,*** **Supervisor: Prof. Xiao Yu, Beijing Forestry University**

- Screened 600+ records and coded 97 studies, including effect sizes and neuroimaging coordinates.
- Prepared supplementary materials for a separate meta-analysis, covering PRISMA, sensitivity analyses, meta-regression, publication bias, GRADE, and element-level analyses.
- Contributed to 2 submitted manuscripts as third and fourth author, respectively.

Parent–Child Emotion Communication Research Project 2026.07-2026.10
✧ ***Research Assistant,*** **Supervisor: Prof. Lixin Ren, Xi'an Jiaotong-Liverpool University**

- Developed a Python tool for automated coding of emotion-related vocabulary in parent–child transcripts.
- Built *Through Their Eyes*, an interactive parent-training prototype on children's emotions and perspectives.

Practicum

Henan University Affiliated Kindergarten, Kaifeng, China
✧ ***Student Teacher Intern*** 2026.03-2026.04

- Completed an 8-week practicum in caregiving, classroom management, and teaching.
- Conducted classroom observations and maintained daily reflective records.
- Designed and delivered 2 whole-class teaching activities.

Research Outputs

PUBLICATIONS

Li, X. M., Zhang, M. W., ***Li, W. X.****, Zheng, H., Tao, F. Q., & Tan, B. J. (2026).* The Influence of Connectedness to Nature on Young Children's Creative Personality: A Parallel Mediation Analysis. *Behavioral Sciences, 16(7), 1077.* *https://doi.org/10.3390/bs16071077*

MANUSCRIPTS

Li, W. X. *(2026).* When Knowledge and Efficacy Align: General Pedagogical Knowledge, Classroom-Management Self-Efficacy, and Student-Behavior Stress Across Eight Education Systems
Status: Under Revision at *Frontiers in Psychology*

Li, W. X. *(2026).* Learning with AI, Drafting with AI: A Cross-System Network Study of Self-Regulated Learning and Digital Problem Solving in PISA 2025
Status: Under Review at *Computers and Education: Artificial Intelligence*

Li, W. X. *(2026).* Socioeconomic inequalities in linked family and classroom reports of AI evaluation
Status: Under Review at *AI, Brain and Child*

Li, X. M., ***Li, W. X.****, & Tan, B. J. (2026).* Psychological Resilience and Connectedness to Nature in Preschool Children: A Two-Wave Longitudinal Study.
Status: Under Revision at *Early Childhood Education Journal*

Tan, B. J., ***Li, W. X.****, Li, X. M., & Zheng, H. (2026).* Nature Connectedness as a Developmental Environmental Resource in Preschool Children: Longitudinal Associations with Resilience and Parent-Child Conflict.
Status: Under Review at *Journal of Environmental Psychology*

Li, X. M., ***Li, W. X.****, Zheng, H., & Tan, B. J. (2026).* Disentangling Between-Person Differences and Within-Person Dynamics in Nature Connectedness and Psychological Resilience: A Three-Wave Study of Preschool Children.
Status: Under Review at *Current Psychology*

Zheng, H., Yang, S., ***Li, W. X.****, Li, X. M., Tan, B. J., & Wang, J. J. (2026).* Nature Connectedness and Creative Personality in Preschool Children: Longitudinal and Machine-Learning Evidence
Status: Under Revision at *Thinking Skills and Creativity*

CONFERENCE PRESENTATIONS

Li, X. M., Zhang, Y. J., ***Li, W. X.****, & Zhang, S. (2026 July).* Which comes first? Longitudinal evidence for directional associations between psychological resilience and connectedness to nature in preschool children. *PECERA 2026 Annual Conference, Singapore. Oral presentation accepted.*

Li, W. X.*, Peng, J. Q., & Tan, B. J. (2026 November).* FairTransEdu: Fair and Temporally Robust Academic Prediction Using Longitudinal CFPS Data. *International Conference on Computers in Education (ICCE 2026), Christchurch, New Zealand. Short paper accepted.*

Zheng, H., ***Li, W. X.****, Yang, S., Li, X. M., Tan, B. J., & Wang, J. J. (2026 November).* Nature Connectedness and Creative Personality in Preschool Children: Longitudinal Associations and Exploratory Machine-Learning Evidence. *Australian Association for Research in Education (AARE 2026), Brisbane, Australia. Poster accepted.*

Li, W. X. *(2027 April).* Recorded Social-Robot Conditions and Children's Task-Based Language Production.
Status: Under review at *the 2027 American Educational Research Association (AERA) Annual Meeting.*

Li, W. X. *(2027 April).* When Risk Is Not Benefit: Targeting Early Childhood Support Across Six Countries.
Status: Under review at *the 2027 American Educational Research Association (AERA) Annual Meeting.*

Summer Schools

- **The Chinese University of Hong Kong, Shenzhen** 2026.07
  2026 Global Youth Social Sciences Forum, School of Humanities and Social Science
- **Peking University** 2026.07
  2026 "Frontiers in Educational Technology" Summer School

Additional Information

- **Language:** Mandarin (native), English (CET-6 442)
- **Honors & Awards:** Outstanding Student Award (2025–2026 Academic Year)
- **Software:** SPSS, Mplus, R, Python, Zotero, EndNote, Draw.io, G*Power
- **Research Methods:** SEM/CFA, CLPM, RI-CLPM, LGCM, multilevel modeling, machine learning
