Research Experience

Independent Research Experience

Secondary Data Analysis of Large-Scale Public Datasets 2026.04-Present

➤ **Temporal Transfer and Fairness in Educational AI Using CFPS Longitudinal Data**

- Built a longitudinal dataset from 7 CFPS waves (2010–2022).

- Included 18,304 training and 2,836 held-out test observations.
- Created adjacent-wave prediction tasks across 6 temporal windows.
- Evaluated machine learning and deep learning models.
- Conducted urban–rural fairness and robustness analyses.
- Interpreted model predictions using SHAP.

Supervised Research Experience

Child Development and Nature-Based Education Research Group

Research Assistant, Henan University

2024.12-2026.07

✧ **Supervisors: Prof. Xiaomin Li & Prof. Beijia Tan & Prof. Hao Zheng, Henan University**

➤ **Nature Connectedness, Resilience, and Family Context in Early Childhood**

- Managed longitudinal data from 500+ children and families.
- Reviewed over 100 studies to support model development.
- Conducted CLPM, LGCM, mediation, and moderation analyses.
- Compared and refined more than 10 model specifications.
- Integrated child- and classroom-level datasets.
- Contributed to manuscript drafting and revision.

Environmental Exposure, Brain, and Human Development Research Group

Research Assistant, Beijing Forestry University

2026.01-Present

✧ **Supervisor: Prof. Xiao Yu, Beijing Forestry University**

➤ **Meta-Analysis of Environmental Exposures, Brain Mechanisms, and Human Development**

- Searched 5 databases and retrieved over 600 records.
- Screened abstracts and full texts for study eligibility.
- Extracted data from 97 eligible studies.
- Coded effect sizes and study-level characteristics.
- Supported the coding framework and analytical design.
- Assisted with the PRISMA-based review workflow.

Scientific and Mathematical Literacy Assessment and Support Research Group

Research Assistant, Henan University & The University of Hong Kong

2026.05-Present

✧ **Supervisor: Prof. Xiao Zhang, The University of Hong Kong**

➤ **Early Childhood Mathematical Literacy Support System Project**

- Reviewed research on early mathematical literacy.
- Identified suitable teacher- and school-level measures.
- Supported survey design for a mathematical literacy support system.

Practicum

Early Childhood Education Practicum for the Class of 2023, Eurasian International School

✧ **Student Teacher Intern, Henan University Affiliated Kindergarten**

2026.03-2026.04

- Completed an 8-week practicum in caregiving, classroom management, and teaching.
- Conducted classroom observations and maintained daily reflective records.
- Designed and delivered 2 whole-class teaching activities.
- Helped coordinate a fire drill for 270+ children.
